(Combining Like Terms)

I can \_\_\_\_\_  
\_\_\_\_\_

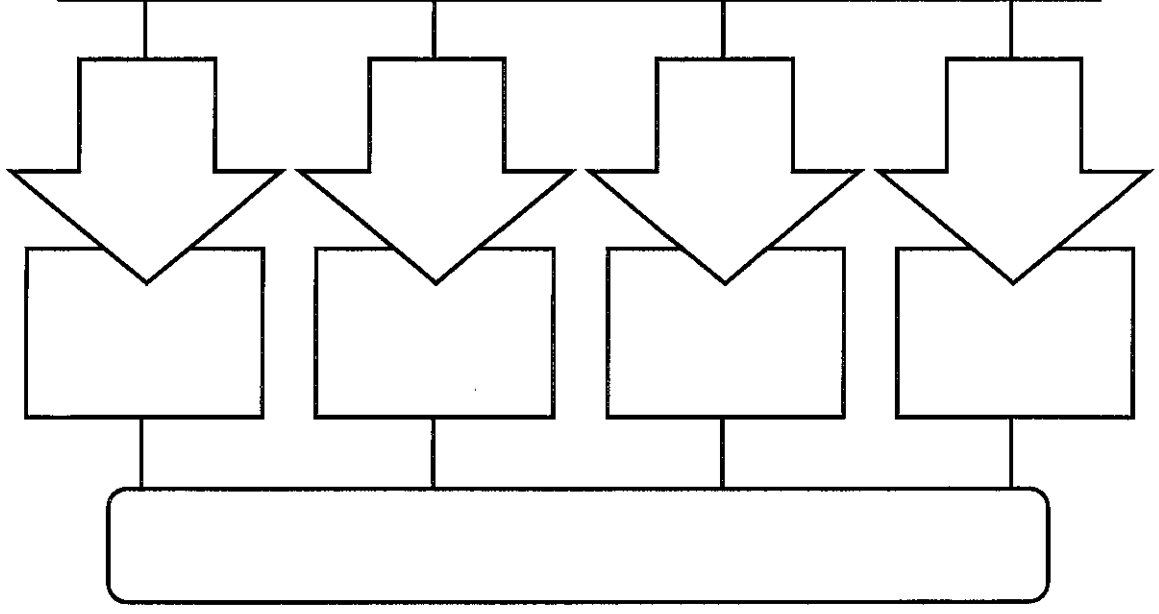

What does it mean to combine like terms?

Give some terms  
that would combine  
with  
 $4xy$

$$3xy - 5xy - 2x + 9x + 9y + 14 - 8$$

□      △      ○      -

## Intro to Algebra

(Combining Like Terms)

On a rating of 1-5, how comfortable  
are you with this concept?  
(5 is the highest)

1 2 3 4 5

**YOUR TURN**

1.)  $7x + 5y - 15x + 5 - 23$

2.)  $-3ab - 9a + 3b - 5ab + 1b - 6 - 3$

3.)  $4x^2 + 2x - 3 - 2x^2 - 5x - 3$
